I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I continue to be appalled at my government!
I have required the use of compounded prescriptions
since around 1984. Not continuously. First to
relieve symptoms & help me to live normally throughout
the month. Then found this is what helped me to get
pregnant & stay pregnant. I moved to I. Falls, MN.
We have 3 pharmacies & I tried to get individual
compounding service here but was unable. So I
was glad to be able to contact my old standby
in another state.

Also... what's "inordinate amount"? Who decides?
This proposal Restricts my ability to obtain medication my
doctor has prescribed for me and that I need - It will
compromise my quality of life and my families -
